“ Dearest Uncle, you are already greatly missed. Salt of the earth and kind to those in need, looking after others was a part of your fabric, just one of your many qualities. We miss your laughter, quick wit and beautiful voice. Until we meet again.

“ There was no merrier spirit or bigger heart. We will always love Frank for his laugh, his mischief, his ability to turn any situation into fun--a trip to the store, a bus ride, a power outage. We admired his plain talk which seemed to come equally from seeing things clearly and saying them honestly. You could always count on Frank for the truth. And for kindness. He looked after people. We will miss him and love him for as long as we live.

“ Frank was a great person. JD and I have only known Frank since 2008. He would always tell us we changed the way he bought car's. I would drive him back to his lot or Campus Auto or wher ever he needed to go. He was always happy and would always give me a hard time. I always gave back whatever he gave. JD and and I are gonna miss him terribly. Much love to the family!

“ Your Dad and I were in the same grade at Zalma HS and we graduated in 1960. We went in different directions after graduating. We did not communicate for a number of years when your Dad became an avid Facebook user. I loved his messages and especially his pictures of his dinners he made for himself. I will miss all those wonderful Facebook messages. Prayers to the family and friends of Franks during this difficult time.
