“ To the Kirn family, I had the extreme pleasure of working with Randy on many medical gas & vacuum projects all over Southern Missouri. Nothing like long weekend nights to get to know someone. I am so glad I did. We spoke often and not always about medical gas. He was one of the best and he will bet missed by all his coworkers and friends.

“ Randy being a contractor, and me an engineer, we were on different sides of the industry, but I always looked forward to talking with Randy when I would visit jobsites. He was genuine, honest and always looked for the right way to do things. He was always in a good mood and we talked about fishing half the time.

He will be missed.

“ Marrying into the family Randy was like a big brother to me, since day one! Anytime I called with a plumbing question or just to catch up on life he always made time to talk! You will be missed Buddy! RIP

““Do not let your hearts be troubled. You believe in God; believe also in me. My Father’s house has many rooms; if that were not so, would I have told you that I am going there to prepare a place for you? And if I go and prepare a place for you, I will come back and take you to be with me that you also may be where I am. You know the way to the place where I am going.””

“ Taylor and Maddie, your dad will be missed but never forgotten! Hold tight to the memories and comfort knowing that he will always be in your heart. Death takes the body. God takes the soul. Our mind holds the memories. Our heart keeps the love. Our faith lets us know we will meet again. XOXO
