“ *Although I didn't know you long I did enjoy the times we spent together with Heidi at the boys baseball games. And I will always remember the drive down to Charleston with Heidi and our educational hour. I am thankful that you touched the life of my friend Heidi. I know I could see the joy and happiness that she gave you over the past few months. I am glad you had those memories to take with you. I know you will be there at every ball game making sure your son gets his turn to play. You will be missed. your friend M*

“ *I loved your truck. I loved how you would take me cruising down Broadway. It was a brief relationship, but it was a blast. I'm sad. Prayers for comfort and peace for your family.*

“ *Hey neighbor... ;) Even though you were only in my life for but a moment I want you to know that you were loved by many around you. I will miss your truck screaming up the hill blasting your music and even the day you almost rear ended me! (YIKES) I will miss the sparkle in your eye when you talked to me about Heidi and your kids. I believed you the night you sat here with tears in your eyes saying how you wanted to change for those you love. Heaven gained a big heart, a quick wit, and a feisty spirit. You will be missed, friend.*
