“ Hilda Lou, I have fond memories of Bess, Elva, and Fred. They took care of me when I was a little girl. They were wonderful, caring people and will always be part of my childhood memories. Bess was a very close friend of my mother since their childhood. When I would visit my parents, mom would ask me to take her to visit with Bess. I always marveled at how well Bess took care of herself, the house and yard, ect. at her age. She talked about you often, and thought the world of you taking care of her. God's blessings to you and your husband as you make final preparations and settle all of Bess's affairs. Nancy Richards

“ Knowing Bess added joy, laughter, and love to our lives. She became a great part of our family, and we became part of hers. We watched Bess grow and expand her heart to include many servers at the Chateau, as she added to each of their lives as well. We will miss our visits with Bess, and her ever sharp memory of her 94 year history. We will always be thankful for this life experience with Bess.
