I was very sad to hear of the passing of Beverly. I am glad I had a chance to meet her on several occasions. She was a warm, intelligent lady. I will always remember when she came to my school and spent the day with our Special Services Department sharing her insight and her encouragement with our faculty and students while you did a writer's workshop with my students.

“ My sympathy to Beverly's family. Beverly's smile would light up my class when she checked on her students' progress. Beverly was the model teacher in not only her educational knowledge, but in her loveliness. Her smile brighten even more when she talked of Mike. Her legacy lives on through her family, friends, and students.
