“ So very sorry for your loss. I worked with Bonita in ICU @ SF. Goes without saying, that she was a good nurse, but also fun and energetic! It genuinely was a pleasure working with her. Her smile in this photo made me smile. As preferred, making a Kohmen foundation donation in her honor. God Bless.

“ Dear Dean, Ben and Jamie,
Tom and I were so sorry to hear of the loss of your mother. We have many fond memories of good times with her. Seeing her smile in the photo brings happiness. We remember her as being very good with happiness, especially the years that we all would float down the Current River. She and I made a quick turn for the bank of the river when a twin pulled a little hand out of pants and said "poppie mommy!" That was a time of good laughs.
We know you will miss her deeply. God's blessings to all of you.

“ Always look for her in your day. The body is temporary the spirit of love lives forever. There will be moments in life you will know she's there because you will be in a situation that you know it would make her laugh or something would touch her heart or you just know she would want to be right beside you, and that's because she truly is. Please let this comfort you, it is real. May God wrap your spirits warm and safe in his loving arms, as peace surrounds you. When life gives you strife your angel works with God to keep you afloat. It's no wonder he takes them too soon, he knows the best ones. Our prayers are with you all as you endure and grieve. It is ok to cry and it is ok if you can't cry. Allow yourself whatever time it takes to fully grieve, as it is different for everyone. With great love, From a family who knows from much experience,
The Edwards/Algieri/Lewallen family.

“ I just saw Bonita a few months ago at the Lutheran Hospital School of Nursing Class reunion. After the reunion at the hotel, everyone came to my log cabin and exchanged memories. I have a picture of the group of us from our class hanging in my office at the Log Cabin Retreat. It was good spending time with Bonita so recently. She was such a fantastic nurse. She will be missed and it is going to take me a long time to accept that she is no longer with us. I take comfort in the fact that she is at peace in heaven with her brother who recently died. We will all miss and love you Bonita. RIP.

“ I remember Bonita as a great ICU nurse. She knew her stuff and took excellent care of her patients. She was a font of information. I remember her avant-garde hairstyles and colors. She told me once that one should never keep the same hairstyle all her life, it was boring. I've tried to remember that, Bonita. Thank you for being a part of my life.
