“ *I'm also a RN. and worked at Southeast hospital. Never new her until I went in labor . She was my delivery nurse in 1981. You are probably asking how in the world can you remember someone from that long ago. Carolyn was not only a special nurse but one of the funniest, hilarious , comedian nurses in that department. She made my experience less stressful. She was one in a million. Then it was my turn to return the favor as I ended up being her nurse at Heartland. Sweet dreams friend, you will never be forgotten.*
