“ Clara was the reason I became a medical transcriptionist. She gave me a chance when I transferred from the admitting department to the transcription department at St Francis. Under her guidance I became a medical transcriptionist and worked with her for 17 years until she retired. She was a very special lady. Of my years of working, I enjoyed working with her more than any other supervisor I have had. I regret I will not be able to come to her service, but her family will be in my thoughts and prayers. We had many conversations about our mothers and I know Clara missed her mother very much. They have had a wonderful reunion in heaven. I will miss her very much but have many wonderful memories of her. .

“ Clara is first cousin to my husband but became a sweet and dear friend to me through the many years we worked together. Clara had many attributes. She worked tirelessly and took great pride in her work but as a supervisor she was always willing to lend a hand and instruct and was kind and respectful, and generous. She endured many obstacles but with much grace. I have no doubt she is joyfully resting in peace. Love to you and the family

“ May God's peace and comfort be with you all. I had the extreme pleasure of calling Clara my boss and my friend for most of my life. She gave me the opportunity to work under her when I was fresh out of school and I stayed with her until she retired in 2016. Her patience, work ethic, and spiritual guidance throughout the years, and especially her friendship, I will hold dear to my heart. She will be missed.....
