“ Dear Family,

*While searching for a friends obit I came across Dr Brunton's. When I was a child I was almost glued to him. I'd had a bad experience with another dentist and I just totally freaked out at the near mention of DENTIST. My dad, (Delmar Boyd) decided Dr Brunton would be a good fit for me AND HE CERTAINLY WAS!! I remember our families visiting, I remember Janet and Jill. Then came the time my parents wanted to move to Ste. Genevieve County and I REFUSED to change dentists. Back in those days you didn't just drive to Cape b/c your kid refused to go to another dentist BUT my parents did. I also had a problem that Dr Brunton had to deal with, required surgery, he did it and I let him believe it or not. I've often felt appreciation for his and my parents decision dealing with the problem as it saved me from problems as an adult. This past Wednesday I found myself in the dentist chair (in Cape) thinking of Dr Brunton believe it or not, recalling how I used to walk to his office on Broadway for my appointments and I was wondering what ever happened to him. He and dad were friends as they went to the same church, had the military in common and I've thought about him many times throughout the years. I'm sure he was very proud to have so many DENTISTS in the family. I'd like to extend my sympathy to all of you, I'm sure you miss him terribly. Joyce M (Boyd) Hurst, Saint Mary, MO*

“ Dell was a good friend, very supportive of a young Minister of Music and Youth at First Baptist and a strong encourager! He was my dentist and was the best! We were both in the Breakfast Optimist Club and broke bread every Monday morning at 6:30 at the old HoJo's restaurant. I so enjoyed his conversations over breakfast. I won't be able to attend the visitation but did want to share the blessing he was to me. He lived a long, full life and is now enjoying his heavenly reward. My condolences go out to Dell's girls, especially Jill, and the rest of the family! May our loving Father give comfort during the days ahead!
