“ I have known Della for many years, through high school and then...her husband and mine worked on the same Dairy Farm in Gordonville...so we would go out and see them together all the time....then after we both got married, one year apart we remained friends for the next 44 years, she was at my quest book when I got married...we raised our kids together throughout their young years. I will miss my long time friend and cohort, we had many many long talks while eating lunch out or at my house.....I think she relied on me for advice that she needed at the time.....if she only had known what a poor source she was relying on...She had many trials in her life that she met head on and got through them but I know that each and everyone took a toll on her.....she was a meticulous house keeper and a devoted wife....would have never thought of leaving the house without her work being done...she lived a mechanical life and was for lack of a better worda slave to her home....I tried to get her to cut loose and on occasion she would go with me for the day to St Louis shopping...she was like a little girl getting to go to the fair....we had good times, and she was really funny and didn't know it...she took life way to serious.....maybe that is why God needed her to go be with him....she won't have to clean the clouds and dust the pearly gates.....her troubles are behind her now and she can go and just wait on all of us to go be with her....I pray for her daughter and her son and for the 3 beautiful grandchildren that are left without her.....she loved them beyond measure...talked about them with great pride....I myself was not as good a friend to her as she was to me, by a long shot but none the less she and I remained friends....I will miss that Birthday card this month that I always got early from her.....as I will miss seeing her again. I had just been at her house about a week and a half before she passed.....talked to her and never knew it would be my last time to see her.....She left us way to early but for her she is at peace and for Della it has been a long time coming!
Until we meet again my friend!

“ Going to the Barn with Harold and Mildred Watson to get a hamburger! Me and Della were three r four years old! That was really special! Just the two of us riding n the middle of the big front eating seat of their old car! Usually we were surrounded by a bunch of cousins everyday and had to share their attention!
