“ My most sincere condolences to the family of the Great Dr. E. Otha Wingo. He was a dear and great teach to me both in understanding Huna and my own faith in Christ. He pushed me to continually gain more knowledge and understanding. Dr. Wingo, as far as I am concerned, can never be replaced. He will always be with me in what he and Anne and Vincent taught me. It was also, always, a joy to sit on converse with him and your family. I love you all. You are family to me.

“ For my dad - not my father-in-law, but my dad! He was always a dad to me since the minute I met my husband. He never treated me as a outsider or daughter-in-law but always as a daughter. You taught me so much. My tears will NEVER stop for I love you so much! I will always take care of your son and grandsons as you would want me to! I will be forever lost without your voice to guide me through. I truly love you as a dad and always a dad!!

“ I just cannot express what this man meant to me. Although he was a genius, he never let his intellect get in the way of being a thoughtful human being and a true brother to mankind. He was always eager to help, and always conducted himself with dignity. This is a loss that will be felt throughout the region. My condolences to the family. Rest in peace, my dear, dear friend. You bettered my life.

“ Otha Wingo had an inquisitive mind and was a great teacher and thinker. It was in his seminar in Cape Girardeau, Missouri, that I bent my fork into an ocean wave with my mind. I am sorry to hear such a great mind and person has passed. My condolences to Vince Wingo and family.

“ I want everyone to know that Otha Wingo was a true genuine man. He was the easiest person to talk to and no matter what the subject was he had some advice to give you and it was good. He never judged anyone and was always always there for you no matter the time you needed him. He had a great laugh. I can say it was an honor to have known him and to have been part of his life and for that I'm am grateful. I know he is in heaven talking up his Huna research, talking to long lost family. He will forever look down upon and guide those he left behind so all you have to do is look up and talk and he will hear. May you know you will be missed, but you left knowing so many people you touched thier lives. God bless. David.

“ A great man has crossed over to be with us in spirit to share his wisdom as the rain of blessings falling on the earth in stabilizing the energy of peace, joy and harmony in all of us. I have had the privilege of knowing Otha since 2008 when first discovering Huna through Huna Research, Inc. I knew him as a learned man who had dedicated 40 years of his life to the in depth study and teaching of the research of Max Freedom Long. I also knew him as a family man sensing such pride and joy around his loved ones. The deep compassion that he expressed through his love of family and love of research will continue to expand in spirit. The message that he shared with us through Huna was that of a greater connection to self and source. The motto of the Huna philosophy, is "The Hurtless and Helpful Life." This is how I knew Otha. This principle that he so strongly embodied in life has been a guiding value in my life. Thank you Otha for sharing your light with the world and igniting in me a spark of divine connection, My deepest sympathies to the family. I Ke La'a Kea
