“ I worked with Gene as a 4-H Specialist while he was in the Mark Twain Area. I have many fond memories of Gene and his work. His vest for life was contagious. My sincere regrets to all his family members.

“ I'll always remember Gene with fondness. I was 4-H specialist at Warsaw and worked with him for years on state wide events. He always had an opinion and was usually 'right on.' God bless all.
Love, Byron

“ Gene was truly "one of a kind!" We worked together through 4-H, at camp in Troy Missouri and at the Missouri State Fair. He always made me laugh...and pull out my hair. :) His dedication to helping young people grow and learn made a difference that will live on. My prayers and thoughts are with the family. Thanks for sharing him with us.

“ Pat, I was sadden to learn of the passing of Gene. We worked together for 4 years in the Cape MU Center. I was the nutrition specialist -- I was at your home a couple of times, perhaps you remember me. I will always remember Gene's wry sense of humor - - he forced me to look at different angles and find the joy in all situations. The world has lost a great guy. My prayers for peace for you.
