July 17, 2010

Robert Skerlock Hunt, M.D., 73, a renowned and beloved general surgeon, died July 17, 2010, at Southeast Missouri Hospital in Cape Girardeau, Missouri. He was born on June 11, 1937 in Kansas City, Missouri, son of James Bender and Jane Murray (Skerlock) Hunt, who preceded him in death. He and Helen Sue Bess were married June 5, 1959 at the First Baptist Church in Cape Girardeau. Dr. Hunt attended Cape Central High School, graduating as valedictorian in 1955. He was elected Governor of Missouri Boy Scouts State in 1954 and was a guard for the State Championship basketball team of that same year. He received his Bachelor of Science degree, graduating Magna Cum Laude, from Westminster College in Fulton, Missouri in 1959. He received his Doctorate of Medicine, with Alpha Omega Alpha honors, from Washington University School of Medicine in St. Louis, Missouri, June 10, 1963. He completed his internship and residency at Barnes Hospital in St. Louis, Missouri in 1968. Dr. Hunt was certified by the American Board of Surgery, April 14, 1969. In service to his country, Dr. Hunt was Chief of Surgery and Professional Services at the 27th Surgical Hospital in Chu Lai, Vietnam, from 1969-1970. He was promoted to the rank of Major and received the Bronze Star for meritorious service. In 1970, Dr. Hunt joined the Cape Girardeau Surgical Clinic. He served as President of the Surgical Clinic for many years and through his innovative leadership, the Cape Girardeau Breast Care Center was established in 1995. In July of 2007, in recognition of his commitment to women's breast health, the Robert S. Hunt, M.D. Breast Care

& Diagnostic Center was established in his name. Dr. Hunt served as President of the Missouri Chapter of the American College of Surgeons from 1981 to 1983. His professional achievements include: Fellow of the American College of Surgeons, Member of the American Medical Association, Member of the Missouri State Medical Association, Founding Member of the American Society of Breast Surgeons, and Member of the American Society of Breast Disease. Dr. Hunt's life is celebrated for his exemplary and devoted service to the regional medical community for almost 40 years. Physician to tens of thousands, he has given countless hours of highly regarded service to the Medical Staffs at both Southeast Missouri Hospital and Saint Francis Medical Center. He has served as President of the Medical Staff and Chair of the Department of Surgery at Saint Francis Medical Center and as Chief of the Surgery Department at Southeast Missouri Hospital. He has headed numerous other committees at both hospitals. He was instrumental in the formation of the Southeast Hospital Regional Cancer Center, chairing the Cancer Committee at Southeast from 1975-1980. Up to the time of his death, he was a member of the Board of Trustees of Southeast Missouri Hospital. Dr. Hunt epitomized the role model of a physician and surgeon. His surgical skills were extraordinary and he held himself and those around him to the highest standard. He took enormous pride in the accomplishments of his children and grandchildren, who fondly referred to him as "Pop." He was an avid reader, traveler, and loved fishing (actually, just catching). He had a fantastic sense of humor and loved to laugh, share wine with his friends, and engage in friendly debates. His greatest joy was spending time with his family, especially with his wife and best friend, "Susie." He was known for his love of family and friends, and his compassion, kindness, intelligence, integrity, humanity, perseverance, humility and patience. Dr. Hunt is survived by his wife, Sue Bess Hunt; his children, Lynn Hunt Kosup and husband Kris, of Frontenac, Missouri; and Dr. Steven Robert Hunt and wife Mai, of Ladue, Missouri; his five grandchildren, Hayden, Andrew, and Jordan Hunt, and Steven and Katherine Kosup; and his brother-in-law, James William Bess III and wife Jan, of Oneonta, Alabama.

There are no words to say how generous, confident, caring and downright super loving person he was. I shall miss him the same as David Clark, C. John Ritter, and Tony Zoffuto, my friends. Comfort and strength to the Hunt Family. Sincerely, Edna B. Murphy

“ Dear Mrs. Hunt and family, On July 17, 1979 (31 years to the day of his passing), Dr. Hunt performed colon surgery on my mother. She and I have always been so grateful to him for his unsurpassed knowledge as a surgeon as well as his unique qualities of compassion. Only through God's love and Dr. Hunt's professional skills did Mother make a full and healthy recovery. We are so deeply sorry for your personal loss of husband, father and grandfather. And, our community and entire region feels a great sense of loss as well in his absence as a professional, mentor to many and wonderful human being. Our prayers are with you. Most Sincerely,

I am now able to say I am a 27 year cancer survivor. So there are many thanks to be offered to him in his care. He was a good man and a great Doctor. Sincerely; Lloyd Douglas Cotner

“ I'm so sorry to read of Bob's death. I always thought he was such a great guy, even when we were growing up. I always associated him with his next door neighbor Bill Friday, who was in my class. Bob and I last talked at one of the last 50's reunion. Very enjoyable. (Sue, my earliest memories of you are from being with my friends from the Rose St.'gang' and also your grandmother lived on my street, Bessie St. after I graduated from college.) I'm so sorry you've lost such an admirable guy. Anita Allen Klasing

“ I was greatly saddened to read of the passing of Dr. Hunt. On Dec. 7, 1969, I was wounded while an infantryman near Chu Lai in Vietnam, and was flown to the 27th Surgical Hospital where I first met Dr. Hunt. Upon meeting him for presurgery evaluation, I knew immediately that I was in good hands. 10 years later, I cut my finger in a chainsaw and needed stitches. Dr. Hunt and I reminisced about Vietnam after he stitched me up. I always wanted to reconnect with Dr. Hunt, but also wanted to respect his privacy and free time. On behalf of all the wounded (and there were many) from Co. B, 1/46, 196th Infantry Division who were treated at the 27th Surgical Hospital in Chu Lai in 1969-1970, I want to say, "Good job, Dr. Hunt, good job." We were indeed in good hands.

“ I heard of Bob's passing from a Cape friend. There are fond memories from our Franklin grade school days with basketball, scouts and weekend play. He was a natural leader and had compassion for others. I remember being impressed by his comments when he accepted the Governor's position at MO Boy's State in Warrensburg. With heartfelt sympathy for this loss.

“ I just learned today of Dr. Hunt's passing and it saddens me so. I want to let his family know how important he was to our family. He was my mother's and my doctor and FRIEND. He was truely a man of compassion. I remember when my Dad had surgery and he saw us in the waiting room. He came right over to us and sat down to inquire why we were there. He brought us through breast cancer twice with Mom and once with me (10 years ago). I know he meant a lot to many...patients, coworkers, family and friends and will truely be missed. He was an extraordinary man. I feel priviledged to have known him. May God continue to bless all that he did for the health field and the people it will effect. And may God bless his family as they go day to day!
