“ I was so sorry to learn of the passing of Gene. I came to know Gene through his mother Arte, a valued employee of the university. He readily came on board to the University Foundation in its earliest years and contributed so much to its success, serving on the board and as chair of the board. I valued him as a partner and close friend. Bob Foster, Maryland Heights

“ I am heartbroken to learn of Gene's passing!! He and Marilyn were dear friends. When John Mark died, they were instrumental in helping get a solid financial footing. I stayed in their lovely home in Winnetka while doing some professional development. My sincere sympathy to you, Jennifer. You were blessed with great, loving parents. Mary Ellen Scully Dunn

“ Please accept my sympathy on Gene's passing. Gene and I grew up together in Cape, played sports together, and were Sigma Chi's together at SEMO. Gene was a role model to many and an inspiration to me, particularly as related to the SEMO University Foundation. I will always remember him for his work ethic and integrity, and regret not seeing him in recent years. Dale Meier, St. Louis
