“ *LaRue and I worked many years ago at Saint Francis and attended Centenary Church together. She was always witty and engaging and her beautiful hair!! Many years ago she came to work wobbling, when we looked down together she had two different shoes on with two different heels. We laughed so hard and often joked about it. It wasn't long after that we were sharing the story with someone else and I looked down and I had two different shoes on, one black and one navy. She will be missed.*
