“ I have just found out that Geep passed away. My heart is broken. I played in a band with Geep in the 80's. We always laughed and cut up but we were very serious about music. We played a lot of shows and constant practice. I am so sorry for the family. God love Geep. My dear friend.

“ My heart is full of sadness to learn of Geep's passing. So much talent and personality lost. I was with Geep for 7 years in his time in California and hoped that returning to Illinois to his family would help him on his lost path. I am so sorry to have just learned of his passing. I will always remember him as a kind soul and passionate man.

Wow! Just heard about this through the Grapevine. So sad. From Tyler, Tx to LA we covered some ground. Peace out, Geep!
