I miss you so much mamaw if you were here you'd be so proud of me I've made it so far in life and I hope to do better I've made it thru all my struggles and I still have to face it I can make in life I just gotta keep pushing myself to do what is right and maybe one day you'd be a great grandma. I still get sad sometimes when you're gone but I know that there's holes in the floor of heaven and you're watching me I've become so smart I can get thru anything if I put my mind to it I've learnt that you can do anything you put your mind to and not to trust nor believe anyone or everything you hear there so much that's changed since you left us family and friends. I miss you and some wish they could've met you I've made a long term goal to raise my brothers give them everything I never had. I love you mamaw I miss you so much when I have my own family I'll be telling all the stories you've told us and more about my childhood too.
