“ Dearest Wayne and girls: Larry & I send our love to you all & want you to know your dad was loved by so very many people; the last time he was in our home, which has been a few years now, he and Larry were having quite a conversation and in the process of visiting, he hadn't cut the electric for one of the areas he was working on & all of a sudden he said "I better keep my mind on what I'm doing or I'm gonna get really lit up". Larry decided he better back off, and afterward they had a chuckle about it. Our son, Scott had known your dad as well from helping him with parts from Crescent Parts here in Cape. Larry says he sure remembers many good times you all had living on Albert Street and often times misses what many still call the "good ole days". Of course I didn't come along for a few years after that, but do remember your family well. Your mother & I used to have some nice conversations at the shop. Would love to make contact with you; look me up on FB as Harryette Miller Burnette. We send love & prayers to each of you & know the feeling of the loss of both parents. Ours have been gone now for way too many years & sad to say, it doesn't always get easier as the days & years pass by.

Sincerely & with love, Larry & Harryette Miller Burnette
