“ I would like to take a moment to share a few things with all of you about Aunt Ginny.

I was her birthday gift in 1971 and I am absolutely proud to have shared the same birth day with her for 55 years.

Aunt Ginny taught me how to crochet. Which I am no where near as talented at as she was. She could crochet anything. She didnt have patterns she would just look at something and was able to make it. To this day I still have a sweater and hat that she made me when I was a kid. She also crocheted a baby coat that I brought my daughter home in. She crochet our last names which is proudly displayed in a frame on our walls.

Aunt Ginny had a sense of humor like no other. Always laughs when she was around.

I absolutely admire the way she carried herself. Always confident and always held her head high. She had been thru so much in her life but never dwelled on the past.

The love she had for her family showed in everything she did.

She always sent cards with most loving little notes in them. To receive a letter or card from her was always a heart warming story of what had been going on with her.

If Aunt Ginny made you a promise she kept it. You always knew she would make it happen. I dont know how but she did.

To say she was one hell of a strong woman would be an understatement. I have always admired that about her.

I will forever cherish the memories I have of Aunt Ginny and the love we shared for each other.

She is now reunited with her loved ones and I am sure they were there to welcome her home. I know she is smiling down and watching over us.

Until we meet again. I love you.

Teresa*
