“ Judy, Lisa, "Annie", Juanita and Barbie and all the friends and family who mourn Jim's passing, condolences and prayers from me to you. My time on Sena Fawn was shorter than my siblings but my memories of times interacting with Jim (and Judy) are fond ones, especially babysitting you girls! That's not to say there wasn't a challenge or two but the kindness and generosity always shone through. Jim's chewing tobacco habit is one of the strongest memories unique to him and I smile to remember my dad saying he knew how level headed Jim was because he leaked tobacco juice out both sides of his mouth equally. I was so glad I got to see him on my last visit to Cape in the spring of 2019. I'm sure he, my mom and dad will be having a great time till the rest of us get there. Much love and God be with you all.

“ To all who mourn Jim's passing, I send my most heartfelt condolences, especially the cherished neighbors I spent much of my growing up and young adult years around. My mind is flooded with memories of the old neighborhood and the times my family and I were on the receiving end of Criddle's kindness and skills...most of them of a mechanical nature. He was so generous in giving both. I would have been afoot for much of my high school career without him! There are fun memories, too, like the weekend afternoon I practiced "funeral" music on Judy's piano and the inopportune tumble of a black panther sculpture. Suffice it to say I will remember Jim fondly until the day I join him and my folks wetting a line on the pond bank once again.

To Judy, Lisa, 'Annie', Juanita and Barbie I send love and deepest sympathies. My prayers are with you.
