“ I didn't know Jason personally, but I am Linda Metheny Belote, mother of Gene Metheny. I thought so much of Gene McCallister who passed and of Carolyn who is still with us. I am sorry for your loss to the parents and all the family. I lost my son Todd Sr. At age 33 and know the agony. God be with all of you to hold on to good memories and keep the faith.

“ He would always come into our workplace and say it was hunting season when the snowmen came out! He always had jokes no matter what was going on in his life.. He spoke highly of his family all the time. He will be missed.

“ *Jason was a wonderful husband we met when we were 14 yrs old and have been together ever since, we have 2 amazing and absolutely handsome sons who were our lives. The boys were Jason's everything in life those were his babies, but he also taught them how to be men and how to be respectful gentlemen. He loved working on his vehicles, mowing yards, fishing, hunting, watching wrestling, etc. Jason was an only child to Joe and Julie Krueger and he was the light of their life, the apple of their eyes. He was my world, my rock, my best friend for 30 years and my life will never be the same again with him gone...I love and miss you baby and always will...*

Joey, Julie, Heather, Jason Jr. and Andrew, Jason and you all have been in our prayers for the last several months. We were all hoping and praying for a different outcome, but know that he is in a much better place now. Please know that he made a significant and positive impact on all of those that he came in contact with, just by being himself. I know my parents, Bob and Virginia, are also very grateful for all that he did for them through the years. We were all Blessed to have him in our lives and family. God's Blessing on the days ahead for you all as you heal from this significant loss. You'll continue to be in our thoughts and prayers.

*Sincerely,
Gary & Patti Dolle*

Jason's dad Joe and I started working at the cement plant on the same day back in 1989. I also remember working with Jason running the pumps at night during one of the floods. He was a good guy and good to work with. I really hated to hear it when I found out he had ALS. You all have my sympathies, condolences and prayers.
