“ JP was such a kind and loyal friend. I'll never forget the times he was there for me when no one else was. Once, when I moved my dad and all our family belongings cross country to CA, JP nearly, single handedly helped me unload the truck and carried all the stuff up 3 flights of stairs into my unit at our warehouse. He didn't want any money, he just did it to be a good friend. His DJ music was intense and soul shifting. He created some music for a performance art piece I did for a fashion show once and it was utter perfection and transformed that performance into one of my all time favorites. He was such a gentle spirit who loved animals. It was always a joy to run into him when we walked our dogs. A friend contacted me once about some pigeons that needed a new home and for some reason I thought of JP and he sure enough gave those birds the best life imaginable. Everyone around him couldn't help but to have immense respect for his intellect, yet he was still always easy to talk to. He attended our wedding in 2019 and was a big help wrangling dogs during the ceremony (outdoor wedding). He loved the site up at Loon Lake, CA and I can still picture him and his dog, Buddy hiking around the lake at one with nature. That's my last in person memory of him and I will treasure it always. Thank you JP for being a friend, generously sharing your time and talent, and always being, uncompromisingly, your genuine self. 💕
