“ I knew Jenn in high school. While we didn't spend time together I have a very strong memory of who she was and liked her. I got to know Jenn as an adult thanks to Facebook and came to just genuinely love her. She just cracks me up. Her posts were hilarious and smart - two qualities I find immensely satisfying. Jenn was and is well lived by our class - she truly impacted us as adults. I am so thankful I could see her and tell her that before she passed. I miss Jenn. I miss seeing her witty repartee with Angela.

“ *My thoughts and prayers are with all of Jenn's family members. I remember Jenn when she was growing up and she would call the micro lab to talk to Don (her dad) . I had the pleasure of still hearing her voice while she worked for the answering service. A loss at this age is hard for friends and family alike. Don and Vicki, and Paula my deepest sympathy at the loss of your daughter
May God give everyone peace.*

Sincerely,

Ruth Masterson
