“Loved John and Paaarker did too! Mom's illness had already changed and taken so much of the mother we knew; no longer talking, smiling, warm & outgoing, the bright light & loving spirit radiating throughout the room. When John & his bright light came with you girls; we were blessed to see a glimmer of light shine again in her. They connected, thanking you his family & him for bringing hope, Joy, & light at times we needed it most. Love to you all
