“ My deepest sympathies to my Cape family in the loss of a son and brother that I wish I could have known better. He was a wonderful person who's spirited heart will live on within every cherished memory spawned by his deep appreciation for arts and music which I hope will soon bring you more smiles than tears.

“ I was fortunate to know Justin and family during his high school years, and appreciate the many good times and memories from then. I was like a mentor for him, and believe that he also mentored me through his positive and caring attitude. I had planned to attend the visitation, but unfortunately was not able to make it. The memories of him and your family have always remained within me. I appreciate the entire family, and want to extend my sincerest condolences and prayers!

“ The pain of losing someone you love is something that we will never get use to because God's Word refers to death as 'the last enemy.' May your family find comfort as I have in knowing that our loving heavenly Father promises us that very soon he will have our enemy 'brought to nothing.' (1Corinthians 15:26) What a wonderful day that will be!

“ We remember with fondness the many times Justin came to our home during his mid-high school years with friends to jam (He kept his drum set at our house for a while.) Peace to Justin and you, his family and friends.

“ It has been years since I have been in contact with your family but when I saw the news I knew that I must contact you all in some way. Though I will not be able to attend the services, my thoughts and heart are there with you. Justin was a talented, caring, and intelligent person. The memories of him and your family have always remained within me, close to my heart. I have nothing but love for you all and wanted you to know that. My deepest and sincerest condolences.
