“ I am just seeing this almost 2 years after Lee’s passing. Lee hired me in 1979 straight out of Georgia Tech as part of the startup of the Huntsville, Alabama plant for Buckeye Cellulose. Lee took a chance on me and I will be forever grateful for his trust and confidence. He gave me the opportunity to learn and progress which led to even greater opportunities - at Procter and Gamble and beyond. I smile when I think of Lee as a mentor and friend.

“ My suspect my late hubby may have interviewed and hired him at Procter and Gamble since he worked there so long.
