“ Mrs. Linda was always kind and forgiving. She cared for those close to her, and made us feel cared for, without question. Her influence has certainly been passed along to the next generations. Having Mrs. Linda in our lives is certainly a blessing.

“ Linda was my first cousin. We did not have siblings. We always said we were like sisters. She was older than me and I would stay at her house for a visit in the summer. I liked a lot of her music because she played it in the car. She came over and took care of me when I was pregnant with my third child. She then helped me take care of my mom. She always made beautiful things for the family. Anything with fabric she could do it. I will miss our talks.

“ Nana Linda used to take me to school everyday for several years in junior high and high school. We would eat breakfast almost everyday together. It was my favorite tradition for so long and I looked forward to seeing her everyday. Every time she would come to our house for any reason, she would have something to give. Her entire life was dedicated solely to taking care of those around her, whether that be my sister and I, my uncle and mom, or Papa Amos. She was always busy with something, but she enjoyed it so much because she knew it helped those around her. She was quirky, fun, generous, and brimming with love for her family. I love you Nana Linda !
