

Lori Cutrell

April 16, 1961 - April 13, 2026

Lori Cutrell was born April 16, 1961 in Illinois to the late Janette and Clint Morehouse.

John and Lori married March 9, 1983. Who knew a filet-o-fish and fries would be the recipe for almost 35 years of marriage? It had its bumps and valleys but they loved each other (most of the time). John finished his race in 2018.

Together, they had 3 daughters, Johnna Cutrell of Jackson, Sarah Cutrell, and Jamie (Kevin) Hinton of Cape Girardeau -who each resemble their mother's beauty, determination, and utter sass. Lori has 3 grandchildren that were her entire world: Lily (Bean), Clinton (Bud), and Macy (Puddin). Lori was the greatest mother and then she promoted to becoming the most amazing Gigi.

Lori loved to sing random pieces of songs- the older the better. She was a fantastic home chef who never followed a recipe, only her heart. She had the most calming and beautiful voice that is now leading the soprano section in Heaven. Lori was the life and light of her family. She was the greatest cheerleader and advocate and loved her people with her whole being. She wasn't afraid to tell you her favorite- it was her son-in-law Kevvy.

Lori loved a good adventure and had lots of stories. From donuts in parking lots to making her voice known with "Mr Pencil neck" to getting lost on road

trips and making the most memories, Lori was a force.

Her love will always be felt and she will always be seen through the laughter of her grand babies and the perfected "mom look" of her children. Her adult children will forever freeze when they hear someone snap their fingers.

Lori is known for saying "we got this! God's got a plan". And she is probably discussing that plan with Him now. She is severely missed and will forever be the best Mom and Gigi.

The family will celebrate her every single day until reunited in eternity.

There will be no public service.

In lieu of flowers, donations can be given to the family.

Ford & Sons Funeral Home in Cape Girardeau is in charge of arrangements.
