“ I remember Marilyn so well as a young girl when I taught a Sunday School class at Trinity Lutheran Church. There were 3 very special youngsters in that class. The smiles on their faces each week and the gusto with which they would sing those much loved children's hymns brought such a smile on my face. They all dearly loved their Savior and anxiously awaited going to His arms for that great big Fatherly hug. Marilyn is the last of that small group to get her angel wings and I know that the others were at Heaven's Gate to greet her! While those left on earth will miss her smile, we rest knowing she has received her crown of life May peace and joy surround you at this ti resurrection lift each of you during this difficult time.
