“ Uncle bay life is horrible without you , you are like a dad to me. You are the only man i have ever trust and will trust. You are my everything you are the closest person in the family to me. We talked about everything life is not the same no more i cry every night for you but things happen i hope you are in a better place and i thank you for seeing a light in me when no one else did i thank you for pushing me and i thanks you for everything and believing in me and telling me i can do it when everyone else doubted me you mean so much to me. Losing you was the worst thing that happened to me. Uncle bay those karate lessons did help i still use them. We have so many memories together i remember when we used to watch clash of the titans and westerns and twilight together. Man uncle bay i don't know what else to say i could write a whole book about our special days we had together i love you! And ill never forget about you man what am i going to do without you its a struggle.

“ Well Uncle Bay I Miss You Sooo Much. I never thought you would have had to leave me. I just want you back so I could at least give you a hug and say goodbye. I'm trying to make it through the night, but I can't hide the pain anymore. Everybody thinks I'm always so happy but little do they know, I'm dying inside without you here with me! Well I love you.
