“ My deepest sympathy to Louise's family. I'm so very sorry to learn of her loss. Nana, as she allowed me call her, treated me like part of the family. I was a new mother of twins living in Texas with no family when she stepped into my life. She was a grandparent to my twins and a friend to me. Age didn't seem to make a difference. She truly encouraged me over and over. I will truly miss her. My only consolation is that I know beyond a doubt that she is in Heaven. Her faith in Jesus was very apparent. So I know she's fine, actually much more than fine and enjoying time with Papaw and hopefully has met my mom as well.
