“ *My condolences. I am so sorry to hear of Mike's passing. He was such a nice guy and was one of the best athletes ever to pass through Central. To this day I can still picture him running with the ball on the football field when he had some open field in front of him, and he was so fast no one presented even a remote threat of catching him. (I was a neighbor in the early years when Mike lived next to Franklin and was a year behind Mike at Central.)*
