“ *Hello, I never met Paul, but he was the engineer on the train which struck my brother in 1989. I always wanted to contact him to make sure he knew none of our family ever thought that he was in any way responsible for what happened. I finally came across his name today and found that he had passed. I only wish that I had been quicker. Though I never knew him, I thought of him often and what he must have gone through. Please accept my condolences for his loss and extend them to his family as well.*

“ *I have known Paul since High School and he was one to always talk to someone. I talked to him last maybe a year and a half ago and we did some reminiscing about school and what had gone on lately. He wanted me to keep him posted about news of the 1970 Central Class. He was somebody you couldn't mistake and I will miss seeing him at the Reunions but he will be remembered and missed. My sincerest condolences and Sympathy to his family. Lyndel Revelle 1970*
