TS

“ I worked with Bob at South East Mo. Hospital in the ER in the 80's and also knew his wife Jan. Bob was always a joy to work with and I considered him a friend. We often played racket ball and enjoyed life outside the work place. I have not been in touch with him and his wife Jan for years and just recently found out he had a severe stroke years ago and was in the VA Nursing home. I visited him the end of April or first of May. We had a great time with memories of the past. I'm so glad I got the opportunity to visit with him before he passed away. He was a great man. My condolences to Jan and his daughter.
