“ Barbara and family,  
You have my deepest sympathy for your loss. I have been out of town for a week and a half and did not know Bob had passed away until late tonight so I missed the visitation. I am so grateful for the times Bob and Ken were able to share their experiences with each other. It made the suffering a bit easier being able to share with someone who was going through similar problems. We share your loss even though we know they are both much happier now. With all the special people from church that have recently joined together in heaven, I can just imagine the "elder's" meeting they might be having with each other. May God grant you His strength and comfort.

“ Although all of the step-children, their spouses and kids were listed in the Missouriian's obituary, Dr. Werner has other blood relatives and their spouses and children who were not mentioned. Ronald, his brother's wife Janet, his half-brother, Ricky's special friend, Mike, his nieces Deborah (Bob) Bessette, Kim (Doug) Brown and Kim's children, great niece and nephew, Morgan Berner and Aric Holzbauer all of Cape Girardeau are all blood relatives that have known and loved him for decades and were omitted from the newspaper.

We send our condolences to Barbara, Randall and Tracy. Bob's sense of humor and story telling will certainly be missed. We know he is now once again whole and free of pain. We will always cherish our years of memories of him.
