“ My condolences to you Linda and your family, I remember spending time with your mom, sitting outside pitting cherries, lots & lots of cherries. She was a spunky little lady, always had a story to tell and was the first to educate me about what "roastin' ears" were...(me the California beach kid)...and that pickles were made from cucumbers and not just some sort of "green stuff" packed in jars on the store shelf...lol. She certainly will not be forgotten. Teri (Gallagher) Collier

“ Our thoughts and prayers are with Linda and family.

It was an honor and pleasure to have her in our family. Married to our Uncle Linn for many years and always looking forward to a visit to Fruitland or them coming to Marquand.

It was a treat to get to go look at all the antiques and pretties they were always so proud of and happy to show off.
