“ My late husband Robert Cox taught at Semo with Ted and always had good things to say about him, Ted overcame all his health problems in order to follow his passion of teaching those who came his way which was a wonderful trait. i enjoyed visiting with him when I had the opportunity. So sorry to hear of his passing. My thoughts and prayers are with his family at this time.

“ TO TED'S FAMILY :TED AND I WERE HIGH SCHOOL FRIEND AND ENJOYED MANY CHANCES RIDING AROUND STERLING AND ROCK FALLS IN HIS PONTIAC GTO HE ENJOYED TESTING HIS CAR'S ABILITY TO SMOKE THE TIRES IN EMPTY PARKING LOTS WHILE DOING DONUTS. when I read he became a teacher I flashed back to his great ability to communicate with all the teachers and many times he said those teacher work hard and I respect that. He was a great friend I sure will always remember and be glad to have known him.

“ Ted was a wonderful professor who genuinely cared for his students at Southeast Missouri State University. It was such a privilege to know him and work with him. I'll always remember him being such an avid Cubs fan who had to deal with me as the ultimate Cardinals fan. Cheryl Reinagel
