“ Vic and I met while we served in the Air Force, I was stationed at Bolling AFB and he over at Andrews. We had a mutual interest in watching trains and his expertise in radio really added a whole new dimension to our hobby. Him and I also had a grand time helping out a friend of his as they moved to Massachusetts after retiring and our train ride home to the DC region. We kept in touch for the most part up until a couple of years ago and I just learned of Victor's passing while hoping to reconnect with him. I send my most sincere condolences to his family. I will miss you, Victor. Tell Steve I said hi.
